The Joe Joe Bear Foundation provides new teddy bears to children with life threatening illnesses while in the hospital. The teddy bear is a friend to the child when they are scared and alone. The bears can go places parents can't.

In the past 12 years the Foundation has provided over 38,000 bears to sick children. Over 5,000 bears are given to a critically ill child each year. The Foundation was created in the memory of the Founders Godson Joe who passed away from Leukemia. His bear was bear named Joe Joe Bear.

This fundraiser is to off set the 80% increase in the cost of the bears since the pandemic. Without extra funding we will not be able provide a friend to as many children.
